1.1 Revision History

Publicatieversie 1.0 (01-07-2015)

Publicatieversie 3.0 (01-05-2016)

Bevat: ZIB-453

1.2 Concept

! Attention: this information model is undergoing major revision. A new version will be available after summer.

Hearing is the ability to observe sound, with the purpose of communicating with others, localizing the source of the sound and recognizing certain sounds. This pertains to observing the sound waves, and not processing the sounds in the brain.

A hearing disorder can lead to things including communication problems.

1.3 Mindmap

1.4 Purpose

Information on hearing function disorders is important in patient nursing and care and particularly in communication with the patient.

1.5 Patient Population

1.6 Evidence Base

The definitions of the concepts were (partially) taken from the ICF definitions.

1.7 Information Model

«rootconcept»	FunctieHoren	
Alias	EN: HearingFunction	
Definition	Root concept of the HearingFunction building block. This concept contains all data elements of the HearingFunction building block.	
Datatype		
DCM::DefinitionCode	NL-CM:4.17.1	
Options		

«data»	HoorFunctie	
Alias	EN: HearingFunction	
Definition	HearingFunction involves observing the presence of sounds and	

	distinguishing between the location, pitch, volume and quality of sounds. This concept describes the presence of a disorder in this function and the extent of the disorder.	
Datatype	CO	
DCM::DefinitionCode	ICF: b230 Hoorfuncties	
DCM::DefinitionCode	NL-CM:4.17.3	
DCM::ExampleValue	Matige stoornis	
DCM::ValueSet	HoorFunctieCodelijst	OID: 2.16.840.1.113883.2.4.3.11.60.40.2.4.17.1
Options		

«data»	HorenHulpmiddel::MedischHulpmiddel	
Alias	EN: HearingAid::MedicalAid	
Definition	The medical aid used to help the patient hear.	
Datatype		
DCM::DefinitionCode	NL-CM:4.17.4	
DCM::DefinitionCode	SNOMED CT: 272182005 Aid to hearing	
DCM::ReferencedDefinitionCode	NL-CM:10.1.1	This is a reference to concept MedischHulpmiddel in information model MedischHulpmiddel.
Options		

«data»	ProductType	
Alias	EN: ProductType	
Definition	The type of product used to help the patient hear.	
Datatype	CD	
DCM::DefinitionCode	NL-CM:10.1.3	
DCM::ExampleValue	Gehoorapparaat	
DCM::ValueSet	HorenHulpmiddelTypeCodelijst	OID: 2.16.840.1.113883.2.4.3.11.60.40.2.4.17.2
Options		

«data»	HulpmiddelAnatomischeLocatie	
Alias	EN: AidAnatomicalLocation	
Definition	The anatomical location of the hearing aid, such as: 'left ear'.	
Datatype	CD	
DCM::DefinitionCode	NL-CM:10.1.6	
DCM::ExampleValue	Linkeroor	
DCM::ValueSet	LocatieGehoorapparaatCodelijst	OID: 2.16.840.1.113883.2.4.3.11.60.40.2.4.17.3
Options		

«data»	Toelichting	
Alias	EN: Explanation	
Definition	An explanation of the hearing function.	
Datatype	ST	
DCM::DefinitionCode	LOINC: 48767-8 Annotation comment	
DCM::DefinitionCode	NL-CM:4.17.2	

DCM::ExampleValue	Door duidelijk articuleren en langzaam te praten kan patiënt redelijk verstaan.

1.18 Disclaimer

This Clinical Building Block has been made in collaboration with several different parties in healthcare. These parties asked Nictiz to manage good maintenance and development of the information models. Hereafter, these parties and Nictiz are referred to as the collaborating parties. The collaborating parties paid utmost attention to the reliability and topicality of the data in these Health and Care Information Model (a.k.a Clinical Building Block)s. Omissions and inaccuracies may however occur. The collaborating parties are not liable for any damages resulting from omissions or inaccuracies in the information provided, nor are they liable for damages resulting from problems caused by or inherent to distributing information on the internet, such as malfunctions, interruptions, errors or delays in information or services provide by the parties to you or by you to the parties via a website or via e-mail, or any other digital means. The collaborating parties will also not accept liability for any damages resulting from the use of data, advice or ideas provided by or on behalf of the parties by means of this Clinical Building Block. The parties will not accept any liability for the content of information in this Clinical Building Block to which or from which a hyperlink is referred. In the event of contradictions in mentioned Clinical Building Block documents and files, the most recent and highest version of the listed order in the revisions will indicate the priority of the documents in question. If information included in the digital version of this Clinical Building Block is also distributed in writing, the written version will be leading in case of textual differences. This will apply if both have the same version number and date. A definitive version has priority over a draft version. A revised version has priority over previous versions.

1.19 Terms of Use

The user may use the information in this Clinical Building Block without limitations. The copyright provisions in the paragraph concerned apply to copying, distributing and passing on information from this Clinical Building Block.

1.20 Copyrights
